PM Modi inaugurated Phase I of the Noida International Airport in Jewar, Uttar Pradesh, on Saturday. Phase I of the airport has been developed at a total investment of around Rs 11,200 crore under the Public-Private Partnership (PPP) model.

In his address, PM Modi said, "Samajwadi Party made Noida an ATM for loot, but today, under the [BJP government](#), UP is becoming the engine for development. This has been made possible through the double-engine approach."

He also criticised the Congress and the Samajwadi Party for delaying the airport project, which had been stalled from 2004 to 2014, while crediting the BJP-NDA government for finally laying its foundation and bringing it to fruition.

Further, when asked about the United States and internal political issues, the Samajwadi Party MP claimed that Donald Trump will be impeached after the midterm elections.

Trump has previously faced impeachment in 2019, more than a year after Democrats took control of the House, and again in 2021, shortly before the end of his first term. Both times, he was eventually acquitted by the Senate.

In the House of Representatives, Democrats need a net gain of three seats to win control of the chamber, while they need to gain four seats in the Senate for a majority in midterm elections, according to CNN.
